

619 N. SAN GABRIEL AVENUE

PROJECT DETAILS

The craftsman style project will include 965 square feet of retail/office space and parking on the first floor with 6 residential units on the second and third floors. The residential units will be between 1,167 and 1,793 square feet and will include a balcony. The project will feature a roof garden for the residents. Situated along San Gabriel Avenue, this project is located within the Downtown Expansion District. The project will further enhance the pedestrian-oriented public realm and revitalize the downtown.
